**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 21-26 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Pat No 6,177,931 to Alexander et al, U.S. Pat No 5,867,821 to Ballantyne et al, U.S. Pat No 5,987,519 to Piefer et al, and U.S. Pat No 5,857,155 to Hill et al.

Alexander et al disclose a system for interfacing with television programming guides and advertising information.

Ballantyne et al disclose a method of distribution multiple types of information, including entertainment services to a patient's individual electronic patient care station.

Piefer et al disclose a system for communicating video, voice and medical data between a central monitoring station and a patient monitoring station.

As per claims 21 and 24, in accordance with the decision by the Board of Patent Appeals and Interferences, the closest prior art of record taken either individually or in combination with other prior art or record fails to teach the limitations of the claims as there were no rational underpinning to support the legal conclusion of obviousness.

Claims 22 and 23 depend upon claim 21 and have all the limitations of claim 21 and are allowable for the same reason. Claims 25 and 26 depend upon claim 24 and have all the limitations of claim 24 and are allowable for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
